

Handelsbanken Nanocap Sverige

The fund is actively managed and invests in small caps, primarily on the Swedish equity market. Small caps refer to companies with market values at the time of the investment that do not exceed the market value of the largest company in the fund's benchmark index. The fund is a non-UCITS fund, which means that the fund is permitted to invest in a fewer number of companies, as well as hold a larger proportion of unlisted companies. The fund is reported as an Article 8 fund pursuant to EU regulation 2019/2088 on sustainability-related disclosures in the financial services sector (SFDR). Transactions for subscriptions normally occur on the last banking day of each month. The request for the subscription of fund units must normally be received by the 15th of each month for the order to be executed on the last banking day of the current month. Transactions for redemptions normally occur on the last banking day in February, May, August and November. The request for the redemption of fund units must be received no later than the last banking day in the month which is three months prior to the date of the fund's redemption transaction. For example, an order must be received no later than the last banking day in August to execute the transaction for the redemption of units in November.
