

AstraZeneca Allemansfond

The fund is actively managed special fund (non-UCITS) and thereby the fund deviates from a UCITS fund by concentrating holdings to a smaller number of equities issued by companies in primarily Sweden. The fund invests a significant amount (maximum of 50% of assets) in AstraZeneca. The fund is reported as an Article 8 fund pursuant to EU regulation 2019/2088 on sustainability-related disclosures in the financial services sector (SFDR).

Portfolio manager comments — Q2 2024

Fund performance was positive in Q2 and the fund rose just over 6.5% in SEK. However, returns were weighed down by the holding in the installation company Bravida when an incident of over-billing by one of the company's businesses was reported and confirmed. We have a close dialogue with management regarding the company's measures to strengthen internal routines and processes, which will be followed up. The fund was also negatively affected by the holdings in Autoliv and Volvo, which have been weighed down by concerns about a weaker economy.

The holdings with the strongest contribution to returns included AstraZeneca, ABB and Sweco. During the quarter AstraZeneca held a capital market day with positive outlooks. Both ABB and Sweco posted strength when the companies reported stronger than expected results.

The fund increased the holding in Sandvik, which has an attractive exposure to the
